"Being connected with the Fountain Fund gave me insight on how to better approach interactions with myself, family, and the community."

"Fountain Fund has given me the ability to function better in my community and be proud of who I am and how far I have come. I've been in my position almost two years and with the help of the Fountain Fund I've been offered better jobs with higher pay. They have guided me in many ways on how to present myself and never stop reaching for better."

"I'm able to teach my children about being responsible with money and I'm also able to be there for the elderly in my family who aren't able to get to different appointments."

"This has been a game changer. I was able to get the nicest car I've ever owned, my confidence has boosted, my drive, my hope. I can now safely transport my children and know I am going to make it to work and be the best I can be."
